CLARIFICATIONS AND CORRECTIONS PROPOSED IN TV-081462

1. **Overtime Rates:** Add overtime rates for long distance moves as Item 190. This item was included in the prior Tariff 15-B, but was inadvertently deleted in the current Tariff 15-C. The proposed language is included as Attachment 2.
2. **Lump Sum Value:** Add language to allow a customer to declare a lump sum value for a shipment. Item 90, Section 8 states, “the carrier must require the customer to state in writing on the bill of lading either the declared value of the shipment in cents per pound or a lump sum value for the entire shipment.” However, the bill of lading section in Item 95 does not include a place for the lump sum value. The proposed revision would add the following language to Item 95:
 - a. “I declare a lump sum total dollar valuation on this entire shipment of \$_____.”
3. **Delay of Shipment:** Add delay of shipment provision as Item 145. This item was included in the prior Tariff 15-B, but was inadvertently deleted in the current Tariff 15-C. The proposed language for Item 145 is included as Attachment 3.
4. **Storage-in-Transit Minimum Charges:** Remove the ‘Minimum Charge per Occurrence’ column from Item 100(3)(b). These rates were included in error.
5. **Valuation of Good while in Storage-In-Transit:** Add rates for valuation of goods while in storage-in-transit as Item 90. This item was included in the prior Tariff 15-B, but was inadvertently deleted in the current Tariff 15-C. The proposed Language for Item 90 is included as Attachment 4.
6. **Storage-in-Transit for Shipments Moving More than 55 Miles:** Add a sentence that clarifies that rates on shipments moving more than 55 miles to storage-in-transit are contained in Item 200. The proposed revision would add the following language to Item 201:

“For rates on shipments moving more than 55 miles, see Item 200.”
7. **Long Distance Definition:** Change all reference to Long Distance (Mileage-Rated) Moves to a consistent definition of “more than 55 miles”.
